run

skip

wave

dance

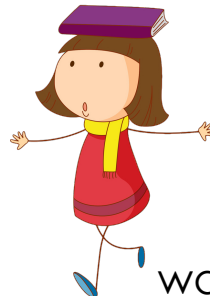

laugh

touch your _____

walk

LESSON THREE

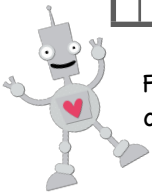

3. Let's make a Super Robot!

First, listen to your teacher read the questions. Draw a picture of the body part in the colored boxes.

1	How many eyes?		
2	How many ears?		
3	How many mouths?		
4	How many noses?		

5	How many arms?		
6	How many legs?		
7	How many heads?		

Next, ask a classmate the question. Whatever number they give, write it in the gray box next to the picture you drew.

Finally, draw your robot below. Use the numbers from above to add the correct number of body parts to the body below.
