Where Flip Education Center

あと2人です!

高学年キャンプ 3日間

Date July 28-30 (水・木・金)
Time 9:30-15:00
Who 小学4-6年生

あ Full!

English Class Summer Vacation Dates

Last day of 1学期.
Tuesday 7/20
Wednesday 7/21
Thursday 7/15

First day of 2学期.
Tuesday 8/31
Wednesday 9/1
Thursday 9/2

Have a great summer vacation!!

Flip English is excited to use the OSMO family of education products in our classes to provide fun, interactive English practice.

In this picture, students are playing "Words" to develop listening, phonics, and spelling skills. Osmo is able to read the letter cards that the students place in front of the iPad.

Upper level classes play "Pizza Company", a fast-paced team game of taking orders, making pizzas, and giving change to customers. Happy customers means more social media 'likes' and greater income.

Other games are puzzles, spelling quizzes, math-based, and teach geography. Learning is fun!!!

Coming in September!

Bi-lingual Scratch computer coding!

Coding+English=Fun!

Get ready to join the Flip Coding Club!!

The Power of Words! Positive vs. Negative

Words have power! With words we can build people up, or we can tear them down.

There is a famous saying, "A small rudder on a huge ship in the hands of a skilled captain sets a course in the face of the strongest winds. A word out of your mouth may seem of no account, but it can accomplish nearly anything—or destroy it!" (大きな船も、小さなかじ一つで、どんな嵐の中でも思いのままに進路を変えることができます。同様に舌もちっぽけなものですが、使い方を誤ると、途方もなく大きな害を生じます。)

It is true! With just a few words we can help someone achieve a goal, we can encourage a person to feel better about themselves, and we can help to resolve a problem.

As a parent, I am especially aware that the words I speak to my children have much power. Much, much power! I want to use words to help my children and encourage them. But so often I say negative words that make them feel bad about themselves. I wish that I could erase all the negative words that I have said!

Did you know that scientists have studied the relationship between 'positive' and 'negative' words? They did research to determine the number of positive statements it takes to counter one negative statement. This is what they found...

5 positive statements = 1 negative statement

Wow! So for every one 'negative' statement I say, it takes five 'positive' statements to erase the power of the negative. Not one statement, not two, three or four statements. It takes five positive statements!

Parents, your children are doing great in English class. They are trying hard! They are doing their best! They really want to speak English! To help them do better, let's speak positive words to our children. Here is an example...

Parent: Tell me one new word you learned today.
Child: Butterfly
Parent: That's great! Good job!

We can also say...

I am so glad you went to English class today!
I am proud of you.

Let's practice together, just a little. Teach me a new word!
(Look at file) Wow, these are great pictures.
(Look at file) Let's read these words together.

Just by using positive words, we can have a big influence on our children. We can help them have a healthy attitude towards English and learning new things. Why not try it this week?

Let's use positive words!

Peter Thomson
Director

ご協力をお願いします

1. We ask all students to make their monthly tuition payment before the end of each month.
2. No speaking Japanese during class. (Except to ask a question.) No chatting about school!

よろしく願い致します。
